

AcadionAI Budget Management - Complete UI/UX Design System

I'll create a comprehensive, intuitive UI design for your budgeting tool that makes complex financial management feel simple and visual.

Core Design Philosophy

"Visual Money Management" - Every rupee should be visible, every action traceable, every status color-coded.

1. MANAGEMENT DASHBOARD (Budget Overview Hub)

Landing View - Budget Cards Grid

The wireframe illustrates the layout of the Management Dashboard. At the top, there is a header section with the system name, a bell icon for alerts, and the current financial year and total amount. Below this is a grid of four KPI cards. The central part of the dashboard features a detailed budget summary card with sections for Total Budget, Allocated, Spent, and Left, each with a progress bar and percentage completion. At the bottom, there is a horizontal scrollable card for budget tabs.

AcadionAI Budget Management

FY 2024-25

₹ 4.32 Cr Total

3 Alerts

QUICK STATS (4 KPI Cards - Horizontal)

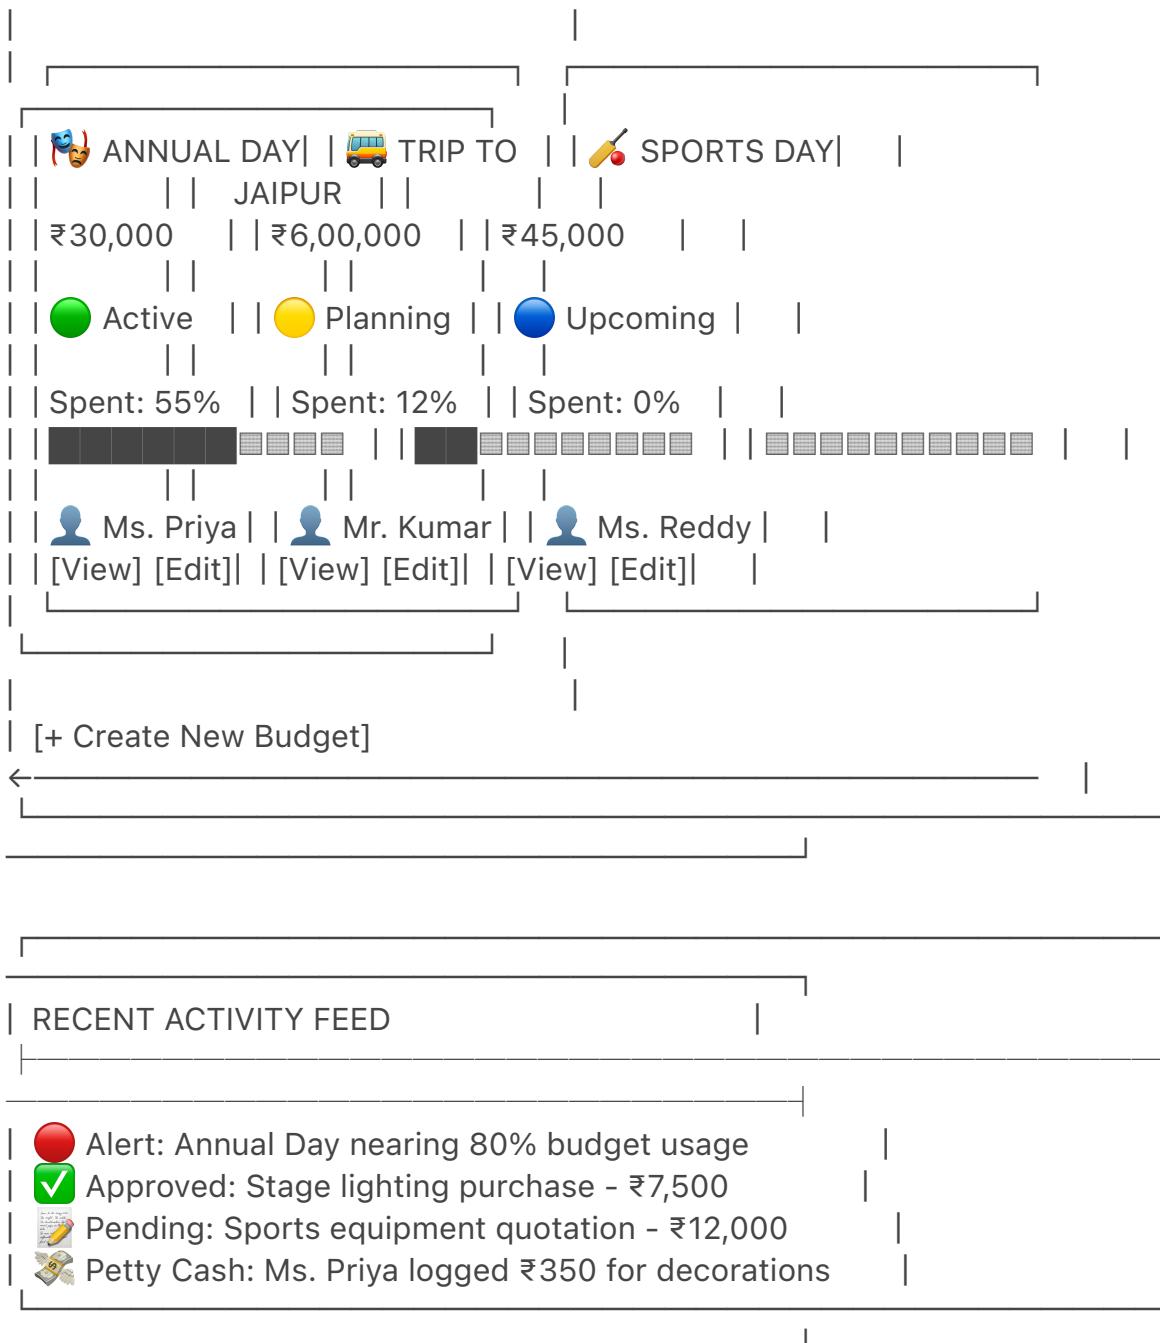

TOTAL BUDGET | **ALLOCATED** | **SPENT** | **LEFT**

₹4.32 Cr | ₹3.89 Cr | ₹2.14 Cr | ₹2.18

(90%) | (49.5%) | Cr

[Progress] | [Progress] | [Progress] | [Prog]

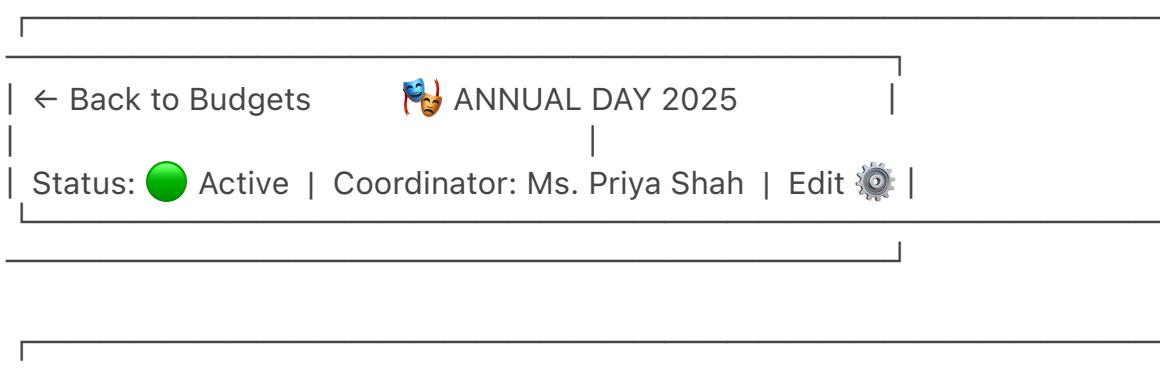

BUDGET TABS (Horizontal Scrollable Cards)

🎭 2. BUDGET TAB VIEW (Shared Canvas - All Roles See This)

Example: Annual Day 2025

This is THE MOST IMPORTANT SCREEN - the shared workspace everyone accesses.

BUDGET OVERVIEW (Top Section - Always Visible)

BUDGET HEALTH METER (Large Visual)

 TOTAL: ₹30,000
 ALLOCATED: ₹30,000 (100%)
 SPENT: ₹16,500 (55%)
 REMAINING: ₹13,500 (45%)
 PENDING: ₹7,500 (Approvals)

55%  45%

50%

 CATEGORY

BUDGET

STATUS

 Costumes | 15,000 |  65%

3. TRANSACTIONS TAB (Detailed View)

Transactions						
Filters: [All ▾] [Date Range ▾] [Category ▾] [Amount ▾]						
Search by description...						
#	DATE	TYPE	CATEGORY	AMOUNT	BY	STATUS
1	Nov 25	 Petty	Decor	₹350	Priya	 Done
	10:30				[View]	
2	Nov 24	 Req	Stage	₹7,500	Priya	 Paid
	14:20				[View]	
3	Nov 23	 Petty	Labour	₹150	Priya	 Verify
	09:15				[View]	
4	Nov 22	 Req	Costume	₹12,000	Priya	 Reject
	16:45				[View]	

Click any row for detailed view with receipts, approval trail, notes

4. PENDING APPROVALS TAB

Pending Approvals (3)	
 HIGH PRIORITY	

Request #AR-2025-034  Nov 25, 2024

Requested by: Ms. Priya Shah (Coordinator)

Amount: ₹8,500

Category: Stage + Sound → Lighting Equipment

Description: LED stage lights for main performance

Attachments:  Quotation.pdf  Product_Image.jpg

Notes from requester:
"Urgent - Performance on Dec 2nd"

Budget Check:
Stage+Sound: ₹10,000 allocated | ₹4,500 spent
Available: ₹5,500 
This request: ₹8,500  EXCEEDS CATEGORY

Approval Flow:
 HOD (Ms. Reddy) - Approved Nov 25, 10:30 AM
 YOU (Principal) - Pending ← YOUR TURN

Add your comment (optional):

[Text box]

APPROVE] REJECT]  REQUEST CLARIFICATION]

 MEDIUM PRIORITY

Request #AR-2025-035 - ₹3,200 - Costume Materials

[Expand ▾]

💰 5. PETTY CASH WALLET TAB

💰 PETTY CASH WALLET

WALLET OVERVIEW (Card Style)

Wallet Balance

₹1,200 / ₹3,000

[██████████ ██████████] 40% remaining

Quick Stats:

- Total Sanctioned: ₹3,000
- Spent: ₹1,800 (60%)
- Remaining: ₹1,200 (40%)
- Pending Verification: 2 entries

⚠️ Low Balance Warning (< 50%)

[💸 Log New Expense] [💰 Request Top-Up] [📊 Report]

RECENT PETTY SPENDS

Events (use contextual icons)

13. LAYOUT PRINCIPLES

Information Hierarchy

LEVEL 1 (Always Visible): — Budget health meter — Total/Allocated/Spent/
Remaining — Critical alerts

LEVEL 2 (Primary Actions): — Main navigation tabs — Quick action buttons
— Active budget cards

LEVEL 3 (Detailed Views): — Transaction tables — Approval workflows —
Category breakdowns

LEVEL 4 (Supporting Info): — Filters and search — Export options —
Help/documentation

Responsive Design Rules

DESKTOP (> 1024px): — Side-by-side pie chart + table — Multi-column
layouts — Expanded detailed views — All features visible

TABLET (768px - 1024px): — Stacked layouts — Collapsible sections —
Touch-optimized buttons — Simplified navigation

MOBILE (< 768px): — Single column — Bottom navigation — Full-screen
modals — Swipe gestures — Camera-first for receipts

14. KEY UX FEATURES

Progressive Disclosure

Example: Transaction Row

DEFAULT VIEW: [Date] [Type] [Amount] [Status] [►]

EXPANDED VIEW (Click ►): — Full description — Category details —
Uploaded receipts (thumbnails) — Approval trail — Notes/comments —
Action buttons

Smart Defaults & Suggestions

When logging expense: • Category: Auto-suggests based on past entries •

Amount: Warns if unusual (3x average) • Description: Autocomplete from
history

When raising request: • Checks available budget before submission • Suggests
similar past purchases • Auto-fills vendor if repeat

Real-Time Feedback

As you type amount: — "₹5,000 available in this category"  — "This will
exceed budget by ₹500"  — "Category exhausted" 

As budget is consumed: — Progress bars update instantly — Color

changes at thresholds — Alerts trigger automatically

Error Prevention

Before submission: — "Are you sure? This exceeds category budget" — "No proof uploaded - continue anyway?" — "Similar request exists - view?"

During approval: — "Insufficient funds in category" — "This requires principal approval" — "Vendor details incomplete"

🔥 **15. SPECIAL FEATURES FOR POWER USERS**

Keyboard Shortcuts (Desktop)

Global: Ctrl/Cmd + N → New expense Ctrl/Cmd + R → New request Ctrl/Cmd + F → Search Ctrl/Cmd + E → Export current view

Navigation: 1 → Transactions tab 2 → Approvals tab 3 → Petty wallet tab 4 → Reports tab

Actions: Enter → Submit form Esc → Close modal Tab → Next field

Bulk Actions

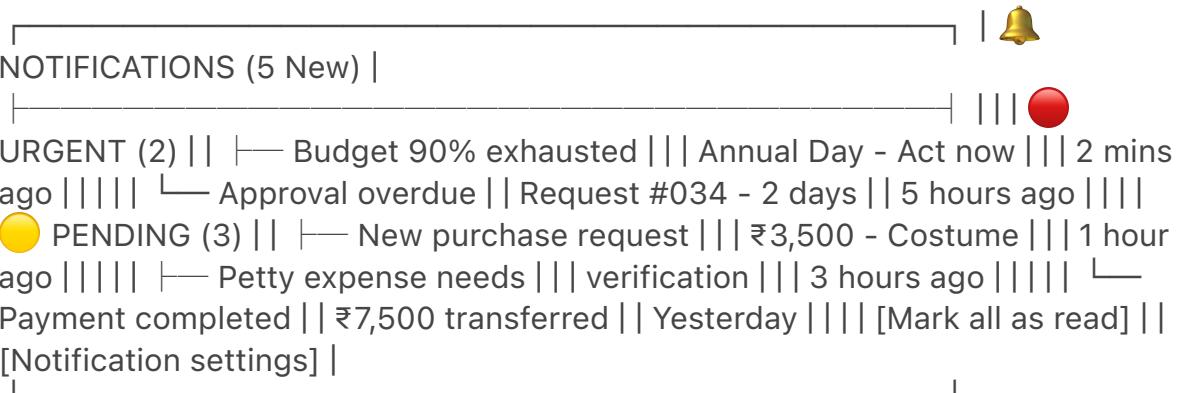

In transaction list: □ Select multiple entries — Bulk verify — Bulk export — Bulk categorize — Bulk delete (with confirmation)

Custom Views & Filters

Save filter combinations: — "My pending approvals" — "Last month expenses" — "High-value transactions" — Share view URLs with team

📱 **16. NOTIFICATION SYSTEM**

In-App Notifications (Bell Icon)

NOTIFICATIONS (5 New) |

URGENT (2) || — Budget 90% exhausted ||| Annual Day - Act now ||| 2 mins ago |||| — Approval overdue || Request #034 - 2 days || 5 hours ago ||||

🟡 PENDING (3) || — New purchase request ||| ₹3,500 - Costume ||| 1 hour ago |||| — Petty expense needs verification ||| 3 hours ago |||| — Payment completed || ₹7,500 transferred || Yesterday |||| [Mark all as read] || [Notification settings] |

Email Digest (Daily/Weekly)

Subject: AcadionAI Budget Summary - Nov 25, 2024

ANNUAL DAY 2025 - Budget Status

SNAPSHOT Total: ₹30,000 Spent: ₹16,500 (55%) 🟢 Remaining: ₹13,500

⚠️ ALERTS • Misc category at 90% - Consider reallocation • 2 approvals pending > 24 hours
✓ TODAY'S ACTIVITY • 3 petty expenses logged (₹620) • 1 purchase request approved (₹7,500) • 2 receipts verified

🎨 **17. SAMPLE SCREENS - VISUAL MOCKUP DESCRIPTIONS**

Screen 1: Budget Health Dashboard

Visual Style: └─ Clean white background └─ Card-based layout with subtle shadows └─ Large, bold numbers for key metrics └─ Color-coded progress bars └─ Ample white space └─ Material Design inspired

Screen 2: Shared Budget Tab

Visual Style: └─ Sticky header with budget name └─ Large interactive pie chart (center-left) └─ Category table (right side) └─ Floating action button (bottom-right) └─ Tab navigation below header └─ Breadcrumb trail at top

Screen 3: Approval Flow

Visual Style: └─ Kanban-style cards └─ Timeline visualization for approval stages └─ Expandable card details └─ Large approve/reject buttons └─ Color-coded priority badges └─ Avatar images for users

🚀 **18. IMPLEMENTATION RECOMMENDATIONS**

Tech Stack Suggestions

FRONTEND: └─ React.js / Next.js (Web) └─ React Native (Mobile) └─ TailwindCSS (Styling) └─ Chart.js / Recharts (Visualizations) └─ Framer Motion (Animations) └─ React Query (State management)

BACKEND: └─ Node.js + Express └─ PostgreSQL (Main DB) └─ Redis (Caching) └─ S3/CloudStorage (Receipts) └─ WebSocket (Real-time updates)

SPECIAL: └─ Tesseract.js (OCR for receipts) └─ PDF.js (PDF generation) └─ Socket.io (Live updates) └─ Push notification service

Performance Optimization

— Lazy load transaction history — Paginate large lists (50 per page) —
Cache pie chart calculations — Compress uploaded images — Use
skeleton screens for loading — Optimize bundle size

FINAL THOUGHTS

This UI design makes budgeting:

- ✓ **Visual** - Every number has a color, every status has an icon
- ✓ **Intuitive** - No training needed, self-explanatory
- ✓ **Fast** - Quick actions for common tasks
- ✓ **Transparent** - Everyone sees what they need
- ✓ **Controlled** - Permissions enforced at UI level
- ✓ **Mobile-first** - Coordinators work on-the-go
- ✓ **Audit-ready** - Every action logged and visible

The key innovation is the **shared budget tab** concept - one single view that adapts based on role, eliminating confusion about "who sees what."

Would you like me to create:

1. **Figma/design file specifications**
2. **Component library documentation**
3. **User flow diagrams**
4. **Interactive prototype script**
5. **Developer handoff notes**

Just let me know!
